Dear Friends,

As governor of Michigan, I would like to take this opportunity to congratulate Baker Industries on their 25 years of dedicated service.

It is not every day that such a milestone is reached, and you should be proud of this accomplishment. The work Baker Industries does helps to support not only the local automotive industry but also the industries of defense, aerospace, appliances, energy and agriculture. The services you provide such as machining, tooling, fabrication, engineering, design, project management, 3D printing of both metals and plastics and injection molding for other Tier 1 manufacturers and original equipment manufacturers help to make Michigan a better place to live, work and play.

On behalf of the people of Michigan, congratulations on a truly laudable achievement. Please accept my best wishes for continued success and prosperity in the future.

Sincerely,

A handwritten signature in black ink that reads "Rick Snyder". The signature is written in a cursive style and is enclosed in a thin black rectangular border.
